Holly,

Thank you for your response. I will pass along those dates to check availability. Much gratitude toward the service that is being provided for these unexpected and critical conditions. I will follow up with you on July 24th.

Thank you!

Good Afternoon Mrs. Garcia,

Thank you for your diligence in this matter and for the information you have provided. My apologies for the delay in response; we have had a whirlwind week providing emergency water resources and services to the Cellar Fire located in Prescott; Almost simultaneously the prison located in Kingman, AZ went down without water and power as well.

We will be providing emergency services continually throughout the week and would like to know if you are able to meet and discuss alternative solutions regarding the Special Use Permit on Monday August 5th or Wednesday August 7th.

Thank you again,
